"Maria does an awesome job with our dog, Raja. He loves going on vacation to Auntie Maria's."

~ Pete and Dorothy Beylo

"Maria has been our dog trainer and boarder for 9 years. When we travel out of town she provides a safe, fun, and loving home for our dog Ronin. You won't find anyone who loves dogs more than Maria. We highly recommend her!"

~ Dr. Eric and Karen Seybold

"Our dogs get so excited to see Maria! She has been a family friend for many years. Maria is a kind and caring dog lover who welcomes our two schnauzers into her home while we are away."

I relax when I am out of town, because Maria is knowledgeable and attentive to our dogs needs and routines. The dogs avoid the stress of a kennel environment. Maria loves our fur babies like her own!"

~ Rob and Stephanie Matthews

MARIA J. ALLIO
*Adelshire Obedience Training &
Customized Animal Care*

After completing a six-year apprenticeship with a master dog trainer and ten years as veterinary assistant, Maria founded Adelshire Obedience Training. Shortly thereafter, she realized there was a lack of supportive, loving pet care for dogs and families who had completed her training courses. Maria understands the strong bond between an owner and their animal. When your dog is under Maria's care, her goal is to provide a relaxed, safe, comforting, in-home environment, which meets the unique needs of your animal.
